DETAILED ACTION

1. This action is responsive to communication filed on August 21, 2006. This amendment has been entered and carefully considered. Claims 1-7 are amended and claims 8-9 are cancelled. Therefore, claims 1-7 are pending in this application.

Priority

2. Examiner noted the acknowledgment of a certified copy of the Japanese Application 2003-393647 filed in Japan on November 25, 2003. However, it is disregarded because Applicant submitted it by an error as indicated by Applicant in the last paragraph of page 9 in the response filed on August 21, 2006.

3. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Japan on September 29, 2003. It is noted, however, that applicant has not filed a certified copy of the Japanese Application 2003-337239 as required by 35 U.S.C. 119(b).

Specification

4. The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required: The clear support and antecedent basis is not found for the term "a virtualization function" in the specification of the current application in such a

way so that the meaning of the terms in the claims may be ascertainable by reference to the description.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-4 and 6-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

6. Claims 1-4 and 6-7 are rejected under 35 U.S.C. 112, second paragraph because a person of skill in the art would not be able to ascertain the metes and bound of the claimed invention, specifically, for the term "a virtualization function" used in claims 1-4 and 6-7.

Allowable Subject Matter

7. Claim 5 is allowed.

8. Claims 1-4 and 6-7 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 2186

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
